I should be pleased if you would arrange for a Temporary Traffic Regulation Order to be raised for the above locations.

a) I attach a copy plan indicating the extent of the restriction and the diversionary route.

b) Pedestrian access will be maintained at all times.

c) Vehicular traffic will have access to the points of the restriction.

d) Please be advised diversions will be signed locally as and when required

e) Please effect the Order on 20th May 2024 till 30th September 2024

These roads will not be closed for the entire duration above. These closures will be completed on a rolling program. Individual closures will usually be for up to a day, but some jobs might need closures for the individual phases, for example stud removal/replacement, surface dressing and lining work as required.

Further information regarding the specific dates of each closure will be posted on site closer to the start date of the works.

f) This order is required to allow Kirklees Council to carry out surface dressing, stud removal, studs put-back and lining works.

If you would like any further information, please send your queries to tma.permits@kirklees.gov.uk
